

# Activités Périscolaires École Européenne Bruxelles III

This agreement is between, on the one part:

the extracurricular activities office, in the person of Mr Materna, manager of extracurricular activities of the Ixelles European School, hereinafter referred to as “extracurricular activities”

and Ms/Mr : .....

Address: .....

Parents of: .....

Here in after referred to as “the parents”.

## Article 1

The parents hereby enrol their child/children for private music lessons in the context of the extracurricular activities of the European School Brussels III. Extracurricular activities undertake to provide private music lessons on the school premises.

Enrolment applications must be completed before the first lesson and all pupils must obtain a 10-lesson card from the extracurricular activities office.

## Article 2

Pupils must contact their teacher individually in order to establish the timetable for their lessons. A list of teachers can be obtained from the extracurricular activities office or on the “updated list” on the website.

## Article 3

The price of music lessons is 222 euro for 10 half-hour lessons.

Payment must be made in advance by the day of the first lesson at the latest.

If a lesson lasts more than 30 minutes, the price will be adjusted proportionately.

## Article 4

Lessons will automatically be continued after a cycle has finished. At the end of a cycle parents will receive a payment reminder for the following cycle. If the parents do not wish to renew the subscription, they must state this before the end of the cycle in course. A cycle of which 80% has been completed cannot be cancelled and must be paid for, even if lessons cease to be given.

## Article 5

Lessons may be cancelled by 19.00 on the day before they are due to take place, at the latest, otherwise the lesson will be deemed to have been given and must be paid for.

Parents are requested to inform the teacher in the event of absences justified by the school (e.g. school trip, in-house training day).

## Article 6

At the end of the school year, the extracurricular activities office will draw up a balance. Parents will be reimbursed for lessons which have not been given, either on grounds of a justified absence (of either the teacher or the pupil) or because the school was shut.
