

Names of bus drivers and supervisors

NB: These are the names of the regular drivers and supervisors. This list is updated regularly, but there may be temporary changes due to sickness or other absence which are not listed.

Adult supervisors are used on all the first departure routes in the afternoon and on the morning and second afternoon departure routes that cover a short distance to the school.

Student supervisors are recruited from among volunteers in the 6th and 7th year students and are used on morning and second afternoon departure routes that cover a long distance from the school.
